

Jennifer Wilkin
Director of Women's Ministry
Sugar Creek Baptist Church

P.S. here are some comments I have received about your program:

I was tired and had almost talked myself out of going, but am so glad I did. It was very moving. My "persecution" is NOTHING! I told my mom about it and she is going to suggest Dr. Nikol speak at Houston's First Baptist...I think she's sorry she told me she didn't take me up on my invitation!

The program last night was wonderful. As always, Dr. Nikol had everyone in wrapt attention and the Lord was speaking to hearts through her testimony. There was a whole table of my ladies who brought their friends. Margaret really spoke to their hearts. She had some people who shared (from the other side of the world) her story and appreciate their freedom as well! The Lord has been speaking to me on many of the issues she brought up and her talk gave them voice. He is so faithful, consistent and awesome!

I'm so blessed by this evening's speaker. The whole event was a blessing I should not take for granted. I'm an alien like her, though now a citizen, enjoying an abundant life in America. Everyday I thank God for this land of milk and honey, and the freedom so many of my fellow countrymen don't have. I can probably appreciate Deuteronomy better in that I was also delivered to the Promised Land. Most of all I should not forget God and all His benefits.
